

ICMTEA2021

Special Session on *Stochastic and Reliability Data Analysis*

On new directions in multivariate big data analysis

Kimon Ntotsis

Dept. of Statistics and Actuarial-Financial Mathematics, University of the Aegean,
Greece, kntotsis@aegean.gr

Joint work with A. Karagrigoriou, & A. Artemiou (Cardiff Univ.)

Stochastic Processes and Multi State Systems

Chrysoula Kroustalli

Dept. of Statistics and Actuarial-Financial Mathematics, University of the Aegean,
Greece, sasm20010@sas.aegean.gr

Joint work with A. Makrides

Multi-State System Analysis Based on Semi-Markov Processes

Andreas Makrides

Dept. of Statistics and Actuarial-Financial Mathematics, University of the Aegean,
Greece, andreamaths@hotmail.com

Joint work with V.S. Barbu (Univ. of Rouen-Normandy) and A. Karagrigoriou

On tests of fit for lifetime distributions

Ioannis Mavrogiannis

Dept. of Statistics and Actuarial-Financial Mathematics, University of the Aegean,
Greece, sasm20029@sas.aegean.gr

Joint work with G. Papasotiriou & I. Vonta (National Technical Univ. of Athens)
